

## Watershed Sampling Locations

**Greenwood Lake**: Sampling is done from the middle of a bridge that passes over the lake. The bridge is located about 0.76 river miles from the Olentangy River.

Elements:

Lat: 40.31003° N, Long: 83.05106° W

Data Sonde:

Lat: 40.31003° N, Long: 83.05106° W

**Norris Run**: Sampling is done under a bridge along Penry Road and is about 1.25 river miles from the Olentangy River,

Elements

Lat: 40.36431° N, Long: 83.07739° W

Data Sonde:

Lat: 40.36431° N, Long: 83.07739° W

**Horseshoe Run**: Sampling is done off of a bridge in a driveway and is located about 1.62 river miles from the Olentangy River.

Elements:

Lat: 40.34423° N, Long: 83.03519° W

Data Sonde:

Lat: 40.34423° N, Long: 83.03519° W

**Delaware Run**: Located 0.3 river miles from the Olentangy River, sampling is done from a bridge that passes over the stream on Ohio Wesleyan Campus.

Elements:

Lat: 40.29760° N, Long: 83.06681° W

Data Sonde:

Lat: 40.29760° N, Long: 83.06681° W

**Delaware WTP**: Sampling is done directly in the Olentangy River from the Delaware Water Treatment Plant Intake.

Elements:

Lat: 40.34155° N, Long: 83.06783° W

Data Sonde:

Lat: 40.34155° N, Long: 83.06783° W

**OL River Raw**: Sampling is done directly in the Olentangy River from the Del-Co Water Intake.

Elements:

Lat: 40.19992° N, Long: 83.05257° W

Data Sonde:

Lat: 40.19992° N, Long: 83.05257° W
